Chairman Rodney Frelinghuysen H-305, The Capitol Washington, DC 20515

Chairman Thad Cochran S-128, The Capitol Washington, D.C., 20510 Congresswoman Nita Lowey 1016 Longworth House Office Building Washington, D.C. 20515

Vice Chairman Patrick Leahy 437 Russell Senate Office Building Washington, DC 20510

Dear Chairman Frelinghuysen, Ranking Member Lowey, Chairman Cochran, and Vice Chairman Leahy:

Thank you for your leadership in support of maternal and child health programs serving the most vulnerable. As faith-based organizations and individuals who view these programs as a moral responsibility of the United States, we are grateful for your commitment to saving the lives of women and children around the world. As your committees consider the FY 2018 State and Foreign Operations Appropriations accounts during conference, we write to express our support for the Senate level of funding for international family planning.

As members of the *Faith-Based Coalition for Healthy Mothers and Children Worldwide*, a network of advocates speaking out about the struggles that mothers and children in developing nations face daily, we know that an investment in family planning is an investment that saves lives, particularly in areas of conflict and instability.

When women and girls lack access to the education and resources they need to create a healthy plan for becoming mothers, the result is tragic—303,000 women in developing nations die from preventable complications during childbirth, and 5.9 million children die before their fifth birthday each year. In many cases these mothers and children are without a home or the resources needed for basic care due to conflict, as women and girls make up 80 percent of internally displaced persons (IDPs) and refugees globally.

We recognize the difficult decisions you face in a constrained budget environment, but we know the truly life-saving impact of U.S. investments in women and children. As people of faith we believe that we all have a duty to do what is within our power to help uplift these women and their families to flourish through improved health. Thank you for your consideration.

Sincerely,

Senator William H. Frist, MD

Wellow H. Frist, M.D.
